

PASSION

PASSIONATELY PURSUING THE LIFE & LIFESTYLE OF CHRIST IN QUEEN CREEK

CREEK

Welcome to Passion Creek Church!

Thank you so much for visiting our church! It is my prayer and desire that you enjoyed your time with us and that you grew closer to Jesus because of it.

We started our church in January of 2016 because we believe Jesus is better than anything else this world has to offer. We pray that our church would carry the banner of Jesus well beyond our lifetime.

We hope this booklet helps you get a sense of who we are and what we are most passionate about as we pursue the life and lifestyle of Christ in Queen Creek. We love our community and we'd love for you to be a part of it.

Soli Deo Gloria,

Pastor Trey Van Camp

Passionately Pursuing

Our church strives to have a culture that motivates one another to pursue the life and lifestyle of Jesus. The following describes the vibe of our tribe.

Never Stop Learning

When we pick and choose what to follow we have a faith that's fake and hollow.

Never Compare

We rob our soul when we despise our role.

Never Give Up

We keep sowing even when nothing seems to be growing.

Never Hold Back

We are more effective in our mission when we stay true to our distinction.

Never Alone

We choose to dwell in diversity rather than cater to conformity

*We offer workshops three times a year to foster our culture of discipleship and leadership.

Jesus may not be
calling you to the
next stage but He's
certainly calling you
to a next step.

The Life of Christ

Jesus is the way, the truth and the life. In a world that is searching for the abundant life, we believe it is only found in Jesus Christ.

God's Design

In the beginning, God designed for us to flourish with God and each other for eternity.

Our Brokenness

Our sin separated us from God and our search for flourishing (outside of Christ) has brought nothing but destruction and death.

Christ's Life

God came down in the flesh to live the perfect life we couldn't live and die the death we all deserved. Jesus conquered sin, Satan and death by rising from the dead.

Our Response

This invitation of eternal life is on offer for those who respond in faith and repentance.

*We fully adhere to the Baptist Faith & Message 2000. We offer a 6-week course entitled, "Theology of the Gospel" to provide an overview of Christian doctrine. This includes: salvation, church, kingdom, apologetics & spiritual disciplines.

The way of self-discovery says,
“Freedom is my faith!”

The way of self-discipline says,
“Restriction is my redemption!”

The way of self-denial says,
“Christ is my confidence!”

The Lifestyle of Christ

Jesus doesn't just offer us a way to life but He also offers us a way to live. We believe the practices of Jesus are how we partake in the presence of God.

God Time

Jesus participated in the presence of God by devoting time to God alone.

Gather Time

Jesus spent time in worship with the people of God every week.

Group Time

Jesus changed the world by investing in a small group of disciples.

Go Time

Jesus came to seek and save the lost by being intentional with those far from God.

*We focus on the practices (Sabbath, prayer, fasting, hospitality, peacemaking, Bible study, worship, service, giving, etc) three times a year through our #21DayPractice challenge.

Trying to behave

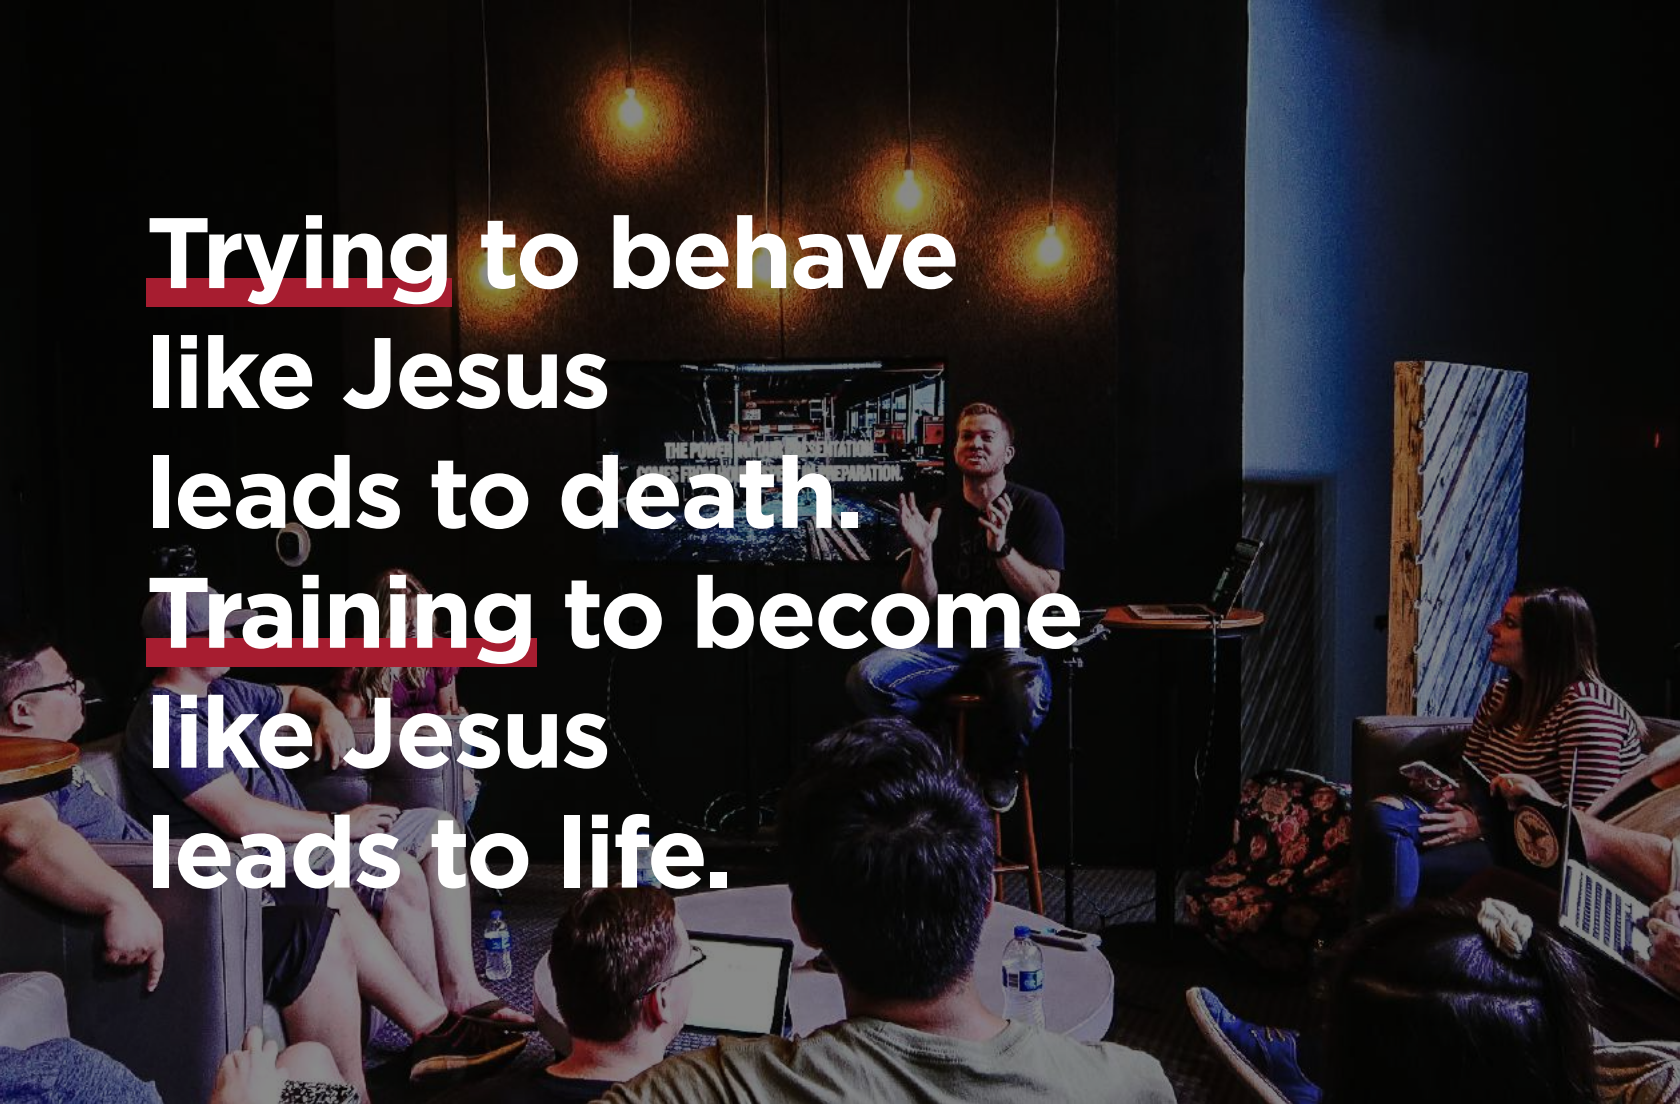

like Jesus

leads to death.

Training to become

like Jesus

leads to life.

In Queen Creek

We want to bring as much of heaven in Queen Creek as possible. We believe our three goals are some incredible ways we can make that happen.

Lots of Baptisms

It is our dream to turn as many people toward the way of Jesus in Queen Creek. We love throwing a party when people take their first step in baptism.

Safe & Loving Environment for LDS & Atheists

It is our dream to be a safe place where LDS, Atheists (and everyone else) feel like they belong before they ever believe.

Mobilize College Students

It is our dream to equip and mobilize college students to use their marketable skill sets to share the gospel all around the world.

*We love to do everything we can to make our city a better place. We do this through growth group service projects, neighborhood outreach and events at the ASU Polytechnic campus.

The background is a complex, textured wooden structure, possibly a piece of art or a stage set, featuring various wood grain patterns, knots, and some metallic elements. The lighting is warm and focused on the lightbulb, creating a soft glow. The overall mood is artistic and contemplative.
